Miss Kathleen Parlow.

Dear Miss Kathleen !

I am truly sorry not being able to hear
and applaud you this evening at your Concert: ---
A rather serious disturbance of my Musical Ear compells me to
avoid Musical Performances at present, because nearly all the
notes of the upper Register of the Orchestral Compass sound too
sharp and put a great deal of the Music distressingly out of
tune. My best wishes for a splendid artistic success of your
Concert are with you for this evening. But should all and all
not come off as satisfactorily as expected, do not be discourag-
ed ! You have Youth and rare Violinistic gifts at your command,
and cannot fail to advance and make friends by your artistic
efforts in years to come.

With kind regards to your Mother and yourself,

Believe me, dear Miss Kathleen,

Yours sincerely.

August Manns.
